FAQ

What is a permit and how do I get one?

put into the system by an instructor or administrator that lets you take a class or do son ething you don't have the qualifications to do. Usually you can ask your advisor and they either put it in the system or they can point you in the right direction of who to ask.

It depends on what kind of permit you need. If it's to take a class you don't have the prerequisites for it's probably best to reach out to the instructor of that class It depends on what kind of permit you need.
