

# Waypoint

By Rena Li, Peter Guan, Jason Hua

Locating a  
bathroom can be  
difficult.

What if you  
are disabled?

# 25.5m

---

people have a disability that limits their travel

# 12.1 %

---

of U.S. adults have a disability that prevents them from walking or climbing stairs

Locating public  
services does not  
have to be this way.
